MARPAI, INC. REPORTS THIRD QUARTER 2023 RESULTS

- Continued year over year growth related to our acquisition of Maestro Health
- Further identification and implementation of synergies and opportunities continue as a result of the acquisition
- •Veteran industry executive leadership announced along with the addition of a seasoned health care leader to strengthen the Board of Directors
- •Focus on acceleration of operating efficiencies and customer growth

New York, November 13, 2023 Marpai, Inc. ("Marpai" or the "Company") (Nasdaq: MRAI), an independent national Third-Party Administrator (TPA) company transforming the \$22 billion TPA market supporting self-funded employer health plans, today reported financial results for the third quarter ended September 30, 2023.

The Company's consolidated results of operations include the results of operations of Marpai and its wholly owned subsidiaries, Marpai Health, Inc. and Marpai Administrators, LLC (formerly Continental Benefits, LLC) for all periods presented, and the results of Maestro Health, LLC ("Maestro Health") since its acquisition on November 1, 2022.

Third Quarter 2023 Highlights:

- •Total revenue for the three months ended September 30, 2023 was \$8.7 million, representing an increase of \$3.8 million, or nearly 77%, over the same period in 2022. The primary reason for this increase was due to the revenue from the acquisition of Maestro Health.
- •The addition of Maestro Health, and organic sales closed by Marpai Administrators, drove a nearly 126% increase in the number of our customers' employees. As of the end of the third quarter of 2023, the total was approximately 37,000 compared to the same period last year of approximately 16,000.
- •The Company had an operating loss of approximately \$7.0 million for the three months ended September 30, 2023, compared to an operating loss of approximately \$5.8 million during the same period in 2022, as the Company continued to focus on closing the gap to profitability.
- •Net loss was nearly \$7.3 million for the three months ended September 30, 2023, compared to net loss of approximately \$5.8 million for the three months ended September 30, 2022.
- •Net loss per share for the three months ended September 30, 2023 was (\$0.98) compared to (\$1.14) per share from the same period last year.
- "I believe that our third quarter results reflect continued momentum towards sustainable profitability," said Marpai's new CEO Damien Lamendola. "The pace of improvement achieved and the continued cash burn rate with the volatility of the capital markets drove us to make some rapid changes which we look forward to discussing in our upcoming investors presentation."
